

Asset Management Council Publications

Living Asset Management

This book was written in conjunction with ABRAMAN (Brazilian Association for Maintenance and Asset Management), with the aim of presenting a new and dynamic approach to the topic of leadership and culture. Rather than the traditional approach of focusing on plant and equipment, systems and processes, this book focuses on people and the need for good leadership and strategies for developing a high performance culture which ensures excellence in asset management.

Living Asset Management is available in print copy only.

Framework for Asset Management, Second Edition

AMBoK Publication 000: Framework for Asset Management, Second Edition provides an intellectual framework and context through which information about asset management can be developed and universally understood.

The publication discusses key asset management elements including demand management, systems engineering, configuration management, acquisition, operations and maintenance, continuous improvement, business management, and culture and leadership.

Framework for Asset Management is available in both print copy and PDF form.

Companion Guide to ISO 55001, Version 1.1

AMBoK Publication 001: Companion Guide to ISO 55001 is published by the Asset Management Council to assist asset management practitioners in understanding the implementation of ISO 55000 and specifically ISO 55001.

This document is designed to provide clarity on the scope of the ISO 5500X Suite of Standards; assist with the interpretation of requirements of the standards; provide guidance to organisations on typical criteria evidence to meet the requirements of ISO 55000 and 55001; and act as a record of the current status of requirements for the purpose of collecting broader stakeholder input.

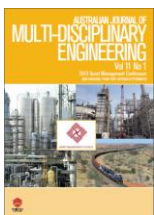

Companion Guide to ISO 55001 is available in both print copy and PDF form.

Strategic Plan 2014-2018

The 2014-2018 Strategic Plan focuses on the vision and mission of the Asset Management Council for the coming years. Values, shared beliefs, strategies and key priorities are presented, along with Key Performance Indicators to accurately evaluate the success of each strategy.

The Strategic Plan 2014-2018 is available in PDF form only.

Australian Journal of Multi-Disciplinary Engineering 2013 Asset Management Conference

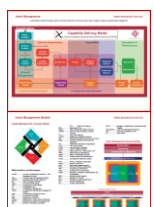

This issue of the Australian Journal of Multi-Disciplinary Engineering showcases the best papers of the 2013 Asset Management Conference. These rigorously peer reviewed papers address some of the most topical concerns facing operators of large assets in the modern world.

This publication is available in print copy only.

AMPEAK Technical Proceedings USB

The AMPEAK Technical Proceedings USB features all papers presented at AMPEAK. The proceedings are peer reviewed, and consist of quality Full Papers and Extended Abstracts on thought-provoking topics that are sound and relevant, providing access to existing and emerging practices in the asset management domain of significance and originality.

A1 Laminate Asset Management Council Models

This A1 Laminate Poster features three key Asset Management Council Models: the Asset Management Concept Model, the Asset Management System Model and the Capability Delivery Model.
